OAPAC AUTHORIZATION TO SOLICIT

I hereby grant OAPAC the authority to solicit political contributions from the executive and management personnel of the company listed below. This authorization is effective for the years indicated. Company approval is necessary before OAPAC may conduct a solicitation. This company has not permitted another trade association with a federal PAC to solicit contributions during the calendar years noted. This form can only be signed by a company officer.

I would like OAPAC to conduct a company campaign among our eligible employees. I understand an OAPAC representative will contact us prior to doing so. At this time, I authorize OAPAC to conduct a company campaign for multiple years.
